Request Response

No. 002035/13

Question

Could you advise me as to the number of licensees who have been fined or lost their licence for serving intoxicated customers in their establishments in Northampton in the past three years.

Has the number, pro rata, increased or decreased since your appointment?

Answer

There have been three such incidents in the last 3 years ... 2 on-licenses and 1 off-license in the County as a whole. Licensees have been fined and the premise licenses have been reviewed.

None of these were in Northampton.

None of these were since the PCC took up his post.
